

Shampoo
Washing powder
Perfume
Mobile phones/ Wi-Fi
Fumes
Cleaning products

Do these make you ill?

We're here to help!

Multiple Chemical Sensitivity is a chronic, physical illness affecting people of all ages and backgrounds. Sufferers react to low levels of chemicals in everyday products, foods, and electromagnetic fields. Symptoms range from headaches, rashes and exhaustion to breathing problems and collapse. MCS-Aware provides free information and support. Registered charity: 1152139
